RETROCESSION OF BANGALORE AGREED

Official Statement Expected Shortly

Division of Area Also Reported Decided

COMPACT MILITARY AREA

(From our Staff Correspondent)

BANGALORE, Feb. 15.

THE Retrocession of the Bangalore Civil and Military Station to the Government of Mysore has finally been agreed, as between the Government of India and the Secretary of State, and a definite official announcement to this effect may be expected shortly.

This is the information I gathered from certain reliable sources to-day, sources which can be expected to give information as authoritative as any unofficial announcement can be.

It would appear that the question of the division of the Civil and Military Station into the Cantonment, and the area to be retroceded, has also been decided, and that the former would be composed of "a compact military area".

As is to be expected, no forecast of the definite date of the official announcement, or as to the manner of the final division of the areas, is possible just now. That the official announcement will not be long delayed, and that the decision to retrocede has finally been taken are, however, facts.

Mr. Maniam saw the Chief Secy today. The Registrar & Publicity Officer may perhaps be informed -)

I spoke to his Correspondent. He said that he did not get his information from any source in this Office or from the Residents' Office. As he put it, he got the "news" even before the Resident got it. He added that he thought he was doing a service to the State. When told that far from doing a service, he has actually done a disservice, he said he was sorry & would try and avoid giving room for similar complaint.

For orders if any further action is called for.
